

John Denver Macaraig

📍 Carmona, Cavite ✉️ johndenverg900@gmail.com ☎️ 0956 486 9986

Professional Summary

- Computer Science graduate with hands-on experience in web development, quality assurance, and IT support. Skilled in both frontend and backend technologies, with a focus on delivering robust solutions and maintaining high-quality standards. Demonstrates strong problem-solving abilities and attention to detail from a background in semiconductor manufacturing.

Experience

Semiconductor Change Capillary Operator / Semi Tech Specialist, Amkor Technology P3–P4 – Carmona, Cavite Apr 2021 – Sept 2022

- Operated precision semiconductor equipment while maintaining strict quality control standards and comprehensive documentation practices.
- Identified and resolved technical issues through systematic troubleshooting, translating complex equipment problems into step-by-step solutions, reducing downtime by ~15%.
- Performed quality assurance inspections on production processes, catching defects and implementing preventative measures that improved yield rates by ~20%.
- Thrived in a high-pressure manufacturing environment, demonstrating accuracy, logical thinking, and rapid problem-solving under tight deadlines.
- Leveraged attention to detail to ensure compliance with safety and operational protocols, enhancing overall operational efficiency.

Projects

Jail Information and Visitation Management System

Full-Stack Developer

- Engineered a comprehensive full-stack web application for managing jail visitation records, ID creation, and PDL (Persons Deprived of Liberty) information.
- Built a responsive React frontend with client-side routing, real-time data binding, and interactive QR code generation/scanning functionality.
- Developed a RESTful API backend using Express.js, integrating JWT authentication and bcrypt password hashing for secure user session management.
- Implemented SQLite database with optimized schema for visitor tracking and check-in/check-out monitoring, improving data accuracy and reporting.
- Designed and deployed a complete application with full user authentication and role-based access controls, enhancing security.

Education

Cavite State University – Carmona Campus, BS in Computer Science – Carmona, Cavite 2021 – 2026

Philippine Technological Institute of Science, Arts, and Trade, Senior High School – GMA, Cavite 2018 – 2020

Bulihan National High School, Junior High School – Silang, Cavite 2016 – 2018

Skills

Skills: HTML; CSS; JavaScript; Python; Java; React; Node.js; Vite; Electron; MySQL; MongoDB; Git; Photoshop; UI/UX Design; MS Office
